(7) Tube Plugged, please power off the coffee machine, and make sure the water container is full, then power on the machine again. If this problem still exist, please contact service hotline for professional direction.

6. Cleaning and maintenance

6.1 Notes about rinsing the milk frother

We suggest the milk frother be rinsed after each use.

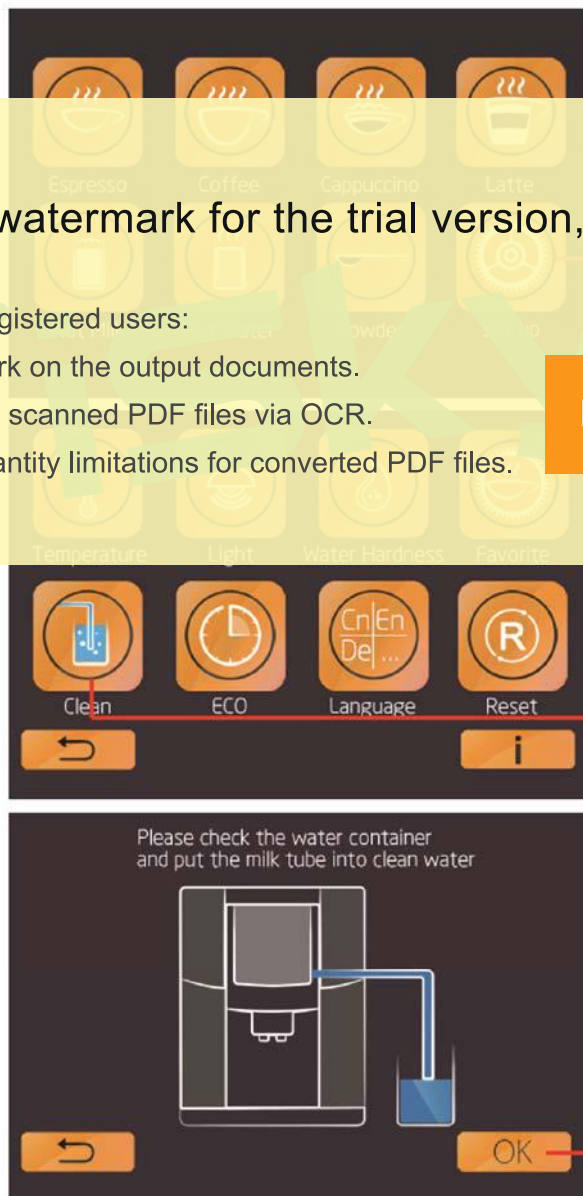

The remains of warm milk in the hot frother lead to drying and hardening of milk proteins and can clog up the tubes.

Furthermore, the milk residues can lead to sour, bacterial deposits inside the system after not using the coffee machine for a period of time.

In the setting menu (Img.01) you will find the blue rinse symbol (Img.02) showing the milk tube.

Place the milk tube into a glass of clean water and start the rinsing by pressing the symbol (Img.03).

The milk frother now rinses the tubes with water.

[Remove Watermark Now](#)

2. Hold the handle of the brewing unit, press down the ear of funnel with your thumb, and then it can be drawn out.

Method to put in the brewing unit:

The onset of the brewing unit takes place in reverse order.

When the sound "kata" is heard, it means put in the brewing unit successfully.

Next, put in the dump container and close the swing door.

6.3 Daily Maintenance

1. Water tank:

It should be on daily cleaning, fill in fresh water before making coffee and better keep the water temperature below 35° and use pure water.

2. Brewing unit:

Wash and clean it when finishing daily household use. In the normal state, just use fresh water to clean it every two weeks. If it is for restaurant use, then it should be on daily cleaning.

3. Milk frother cleaning:

Clean up the milk remained on the nozzle in time after each frother making and then release hot water.

4. Coffee machine cleaning:

If you would not use the machine for a long time, please clean the dump container, drip tray and each part of the machine to keep it clean.

This is a watermark for the trial version, register to get the full one!

6.4 Milk Frother system maintenance

Benefits for registered users:
